a second chance for romance,lets give our love one  
more try ,together just you and i,lets make a vow ,here  
and now,to never ever let love go,i surrender my heart  
and my soul to you,lets celebrate tonight,with  
champagne and candlelight,lets quench the fire of our  
desires tonight,lets hold each other tight ,until the  
morning light,lets start all over ,and fall in love  
again,you will always be my baby,and i will alway be  
your man,i wanna hold you in my arms forever,walk  
with you hand in hand,lets celebrate tonight ,with  
champagne and candlelight,lets quench the fire of our  
desires tonight,lets hold each other tight,until the  
morning light,lets start all over and fall in love  
again,lets start all over,and fall in love again
