this time, our love is gonna last forever,we'll find  
happiness and beautiful treasure,we'll share a lifetime  
of total devotion,fill our nights ,with love and pure  
emotion,it will be a symphony, a marriage made in  
heaven,you and me are gonna be ,in love ,in love  
forever,this time nothings gonna come between us  
,we'll fly all the way to mars and venus,we'll share a  
lifetime of total devotion,fill our nights ,with love and  
pure emotion,it will be ,a symphony ,a marriage made  
in heaven,you and me are gonna be ,in love ,in love  
forever,this time ,this time
