Heyy Ohh Ohhhh  
Don't worry babygirl  
You don't have to say a word  
You know I'll be there

And if you should ever need  
A shoulder you can cry on  
I'm the one you can rely on

I don't mess around or play the game  
I give it to you straight  
You're the only one for me

Listen to me good now what I say  
You can trust in me forever  
I don't wanna be anything but your everything  
Just have faith in me forever  
I will be the one you need

When everything's going your way  
And everything locks in place  
It's easy to say  
That I need to prove to you  
When the dark cloud keeps rolling through  
Ain't nothing in the world gonna change my love for  
you

I don't mess around or play the game  
I give it to you straight  
You're the only one for me

Listen to me good now what I say  
You can trust in me forever  
I don't wanna be anything but your everything  
Just have faith in me forever  
I will be the one you need

I will be the one you need  
I will be the one you need  
Oh I will be the on you need  
Oh I will be the on you need

I will be the one you need  
Cause I will give you all of me  
Anytime you call me girl I'll be around

I will be the one you need  
Oh I will be the one you need  
Ooooh be the one you need  
Be the one you need  
Oh I will be the one you know I can be the one you need

Cause I can be  
Cause I can be the one you need
