Verse I

I tried everything I could think of
No distraction could make this feeling end
But if I could go back
I wouldn't change a thing
I'd love you all over again

Chorus

Nothing could take away
Nothing could take away
Nothing could take away
This beautiful ache
This beautiful ache

Verse II

Your memory is all I have to hold on to
Our yesterday will not let me go
But if I could go back
I wouldn't change a thing
I'd love you all over again

Chorus X2
