You've got me crawling at your feet
I don't know why you fail me
I don't know
I don't know how you did
Stay calm now, stay calm
I don't know why you call me
I don't know
I don't know why you're haunting me

[Chorus]
Ricochet,
Voices
My trouble seems, like distant dreams
Like walking dreams so far away
Yesterday, yesterday
It all seems, like distant dreams
Like walking dreams so far away
Yesterday, yesterday

You've got me crawling at your feet
I don't know why you miss me
I don't know
I don't know what you want from me
Stay calm now, stay calm
I don't know why you call me,
I don't know,
I don't know why you're haunting me

[Chorus]
