A soaring eagle am I  
I see this walk is over  
and feel is into the light  
I'm flying high  
Surfing my borderless sky

This is goodbye  
This is stand up straight  
Go on and find your way  
Carry your weight  
You get it by  
Never forget it realize all  
But no one bought you  
This is goodbye

And I saw your venom in the sun  
Oh but where have you gone  
You know I wanted it all undone  
This is goodbye

As I place my feet on the ground  
I step and stride  
My footprints show I'm alive  
This is goodbye

This is stand up straight  
Go on and find your way  
Carry your weight  
You get it by  
Never forget it realize all  
But no one bought you

This is goodbye  
This is stand up straight  
Go on and find your way  
Carry your weight  
You get it by  
Never forget it realize all  
But no one bought you  
This is goodbye

And I saw your venom in the sun  
Oh but where have you gone  
You know I wanted it all undone  
This is goodbye
