Bluebirds over the mountain  
Seagulls over the sea  
Bluebirds over the mountain  
Bring my baby to me

A boy and girl, they fell in love  
To each it was like heaven above  
He looked into her eyes of blue  
She vowed to him that she'd be true

Bluebirds over the mountain  
Seagulls over the sea  
Bluebirds over the mountain  
Bring my baby to me

I miss you, oh can't you see  
You're the only girl for me  
Yeah, since you're gone I'm all alone  
Come on baby, come back home

Bluebirds over the mountain  
Seagulls over the sea  
Bluebirds over the mountain  
Bring my baby to me (well-oh-well-oh)  
Bring my baby to me (well-oh-well-oh)  
Bring my baby to me (well-oh-well-oh)
