Everything around you see  
The Ankhs, the wraps, the plus degrees  
And yes even the mysteries  
Its all me  
Sometimes it hard to move you see  
When you growing publicly  
But if I have to chose between  
I chose me

Had 2 babies different dudes  
And for them both my luv was true  
This is my last interview, ooh  
Hey there's me, ooh  
This year I turned 36  
Damn it seems it came so quick  
My ass and legs have gotten thick yea  
Its all me  
I use to pray to God above  
But now Im filled with so much luv  
But even if the world cant see  
Its still me  
Will I escape this vanity?  
Or will I keep on smoking trees?  
But I'll just let it go and be, be, be Me  
Ah, leave it alone babe  
Well well well  
Ah oh, leave it alone babe  
Just being me  
Ah, leave it alone babe  
Well well well  
Ah oh, leave it alone babe  
Just being me

Sometimes I dont know what to say  
So many leaders to obey  
But I was born on saviors day, yes  
So I chose me  
And in the world of greed and hate  
They may try to erase my face  
But millions spring up in my place  
Ooh, believe in me  
As sure is all and all is one

We all should grow before its done  
So I salute you Farrakan, yes  
Cuz you are me  
Before I end this crazy dream  
Before I take one for the team  
Yo ass done matched the gasoline, yes  
That's Collene
