H3y chula you know
I lov3 you, right
And I will always b3 th3r3
For you mija by your sid3
Till th3 3nd of tim3
I will n3v3r 3v3r mak3 you cry I'll wip3 your t3ars away
from your 3y3s
And just put a smil3 on your fac3
And I'll n3v3r mak3 you go through any pain
Put your trust in me girl
Y dame tu corazon
I wont hurt you but I'll l3av3 you d3stroy3d
Wh3n you fall in lov3 with m3 and I car3 about your
3motions.

Mirame a los ojos y dim3 q v3s
Lagrimas d3rramadas y una muj3r
Q ya no ti3n3 corazon por qu3
Algui3n s3 lo robo y lo rompio 3n dos
D3jandom3 una h3rida q nunca sano y un vacio
Ll3na d3 dolor ya no cr3o 3n 3l amor
But l3t me t3ll u my story n da r3ason y I say fuck lov3

Once up0n a time I met diz vat0 da changed my wh0le
life
He blind f0lded my eyez wit hiz liez
Had full c0ntr0l 0f my mind b0dy n s0ul
C0uldnt stay alive if he wasn't der by my side
Stuck in diz passi0n full 0f heat
Was s0 amaze da I had fallen s0 deep in l0ve
Wit a vat0 I had barely m3t
G0t hypn0tize everytime he l0oked int0 my eyez
Felt da adrenaline rush everytim3 our lipz t0uched
He had me screaming 2 da top 0f my lungz
When our b0diez t0uch3d n made l0ve
Whisperin sweet thingz int0 my ear
Tellin me mija tu y y0 estarem0s unid0s por vida
Y por ti daria y0 t0da mi vida y quien l0 diria
Da diz l0ve will have a tragic end
Like r0me0 n juliet damnz

L0v3 & gunz

B0th can save ur life Or get u killed
U rel0ad da gun wit bulletz
N da heart wit full Of em0ti0nz
N a br0ken heart it c0uld tear u apart
Pull da trigger n it can get u kill
Fuck love I wont let it destroy me

But heres were da climax Of da st0ry begins
Thingz changed warm feelingz turned c0ld
N my heart fr0ze 4rm n 0verd0se
Of decepti0n n liez n false h0pez
Da vat0 da promise me da w0rld
He had an0ther gurl he just wanted 2 b0ne
N left me all al0ne wit n0 One 2 h0ld
A milli0n thingz were rushin thru my head
Mem0riez Of a l0ve da was neva meant 2 be and
My pain was gettin w0rse n it hurtz
It felt like a milli0n knivez have shanked
Thru my br0ken heart n left me full Of scars
Mind s0 unstable I wasn't able 2 stand
I felt s0 weak I c0uldnt speak n breath
So I grabbed da gun n aim 2 my head
N said fuck love I rath3r b d3ad
But b3f0re I c0uld pulled da trigger
My wh0le life started flashin bef0re my eyez
N I started 2 cry n fell 2 my kneez
Threw da pist0la 0n da fl00r
N all diz evil th0ughtz t00k c0ntr0l
Over my mind n s0ul n corazon like a curse n
I felt possesed n0w I'm 0n a missi0n 4r revenge
Wh0 said l0ve c0uldnt kill n give u da chills
Cuz there a thin line between l0ve & hate
N da f00 passed da line when he cheat3d n lied
N he played wit my c0raz0n n mind
N0w he tryin act all t0ugh like he d0nt give a fuck
damnz love is pain

L0ve & gunz
B0th can save ur life Or get u killed
U rel0ad da gun wit bulletz
N da heart wit full Of em0ti0nz
N a br0ken heart it c0uld tear u apart
Pull da trigger n it can get u kill
Fuck love I wont let it destroy me

But diz is where da st0ry gets full Of suspence
N da drama neva endz I got diz pain in my chest I can't
rest
He c0mmited a crime when he played trickz 0n my
mind
He killed me inside when he t0ld me all d0es liez

Da he was d0wn 2 ride wit me 4r life
N left me all empty n t00k all my pride
I memba da day da I stood face 2 face wit da one da
broke my heart
N da bitch da took him away oh wat a shame
Emotions so strong my heart was full of hate I'm
Tired of vatoz playin games
But tha tables turn n0w I'm da One wit full c0ntr0l n
N0w I'm da One da he b missin n wanna b kissin askin
4r mercy
On his kneez beggin 4r a chance n f0rgiveness
He betta quit it cuz diz hyna aint listenin
2 his bullshit n0 m0re ya no tengo corazon cuz
N0w ur 0utta my life por vida
Borre tu nombre y memoria para mi tu ya estas muerto
Ya no quiero saber nada de ti y del amor eso ya se
acabo
I was l0cked up in diz wallz behind bars
A prisoner of love doing time 4r a crime da I committed
4r givin u my all n da key 2 my heart
But I broke 4rm da chains n let myself loose
Screamin fuck love all it brought 2 my life was pain
Tired of feelin used n abused u left a bruise
Da could neva be cured
Damnz is s0 sad wat l0ve c0uld d0 s0metimez
Leave u all l0st up in da blues all c0nfuse
D0nt let it happen 2 u damz

U kno I heard diz story a million times
Love can be suicide it can kill u inside
When dey play wit ur emotions n corazon n tell u lies
It could leave u destroy leavin u all empty inside
Da we say fuck love tired of being hurt
But mijas don't give up cuz
Da vato of ur dreamz wiild come one day
The one that would wipe all ur tearz away
N remembered da love is not suppose 2 be pain

Love and guns
Both can save your life or get u killed
You'll reload the gun with bullets
And the heart with full of emotions
And a broken heart can tear u apart
Pull the triger &
Get u killed
Fuck love I wont let it destroy me
