[Havoc]

Yeah

Another banger

You can feel me if you don't, you don't
I'll feed you to the dogs like a bitch I boned
My only concern is for the cash I gross
A nigga more deadly up against the ropes
Problem dead on tacking tours to throats
Eyes, ears open you can try to get close
Approach me then
Get on the floor soldier like you owe me ten
Spread it, never say it
Actions speak louder than words
Get bodied because you doubted the word
Never fucked your bird, stop askin her
It's not that serious, keep backin up
She'll get curious, and delirious
Send that bitch home on her period
To stop Havoc got to kill me bro
These niggaz listening but don't hear me bro

[Chorus: Havoc]

Yo, what's the deal, deal

Play that shit I can feel, feel

Right now it's about to get real, real

Never leave home without that steel, steel

(2X)

[Prodigy]

Yeah, just bounce

Bounce, Bounce

Let's go, let's do it, let's get it correct

Let's ball, let's burn, let's all get bent

Let's party and celebrate success

Let's not ruin my fun, my gun will spit

Nigga find you a woman you can definitely rip

Ladies find you a man, go ahead get you some dick

What you thought? you a big girl, I'm a big boy

So let's not play these games, let's get to the point

Bitch get off me, I switch plans on you

There's plenty more bunnies for me
These niggaz got problems? I'll straighten that
promptly
I'll be all over them niggaz so fast, they're so pussy
Go ahead push me to tear you up
Try me, blind me, force my guns
You ain't built for war, you built to bounce
So we gonna ride on you niggaz until the sun burn out

Chorus (2X)

Bounce, bounce, bounce, bounce

Chorus (2X)
