The sun rises, I feel the morning come alive  
Love is blinding, My emotions I can't hide  
Tides are changing (Tides are changing)  
Taking me away for good  
I can't turn back now (Turn back now)  
I know you wish I could

It's like everything  
That I've done in vain  
Take away the pain  
I know you wish I could

Falling from the stars saying goodnight tonight  
And all I can say is I'm sorry (I'm sorry once again)  
And falling from the stars saying goodnight tonight  
And all I can say is I'm sorry (I'm sorry once again)

I'm packing my shit (Packing my shit)  
I gotta find my own way  
I'm calling it quits (calling it quits)  
But there's still so much to say  
I'm heading out now (Heading out now)  
Onto bigger and better things

Please remember me (Remember me)  
It's like everything  
That I've done in vain  
Please remember me (Remember me)  
It's like everything  
Take away the pain

Falling from the stars saying goodnight tonight,  
And all I can say is I'm sorry (I'm sorry once again)  
And falling from the stars saying goodnight tonight  
And all I can say is I'm sorry (I'm sorry once again)

The sun does rise, Happiness too  
Bless the day that I met you  
Inspiration in my life  
To love someone, That's alright  
In the light, Intertwine  
Two souls walk the line

In this world, Things ain't fair  
It's ok, let down your hair  
Encourage life, Live it well  
Don't get sucked up in the swell  
Of this hell, Glory days  
Turn and blaze, From your ways  
Feel the vibe, It's alive  
I'm not ashamed of what's inside  
Clear thoughts, painless rhymes  
I swear this is the last time

Falling from the stars saying goodnight tonight,  
And all I can say is I'm sorry (I'm sorry once again)  
And falling from the stars saying goodnight tonight  
And all I can say is I'm sorry (I'm sorry once again)
