Everyone tells him to be a man  
So he takes her by the hand  
And tries to make her see the way (the way he feels  
about her)  
His hands are cold, his mind is racing  
Tomorrow's yesterdays, second chance for a new  
beginning (our only chance for a new beginning)

Ohhh oh,  
Nd now she's waiting  
Ohh oh  
This sunset will last forever

Now's the time to make a choice,  
Just do what you gotta do  
And as the sweat trickles down your spine  
You don't know what to do

He tells you he'll show you the way, underneath the  
sunlit sky  
Remembering everything you've said (Everything  
you've said and done)  
As my heart has caught up to me,  
In a sequence of morning stars,  
I'm thinking of you (I'm thinking of you [x2])

Ohhh oh,  
And now she's waiting  
Ohh oh  
This sunset will last forever

Now is the time to make a choice,  
Just do what you gotta do  
And as the sweat trickles down your spine  
You don't know what to do

Live now, right now  
Time is ticking away  
The days are getting shorter, the nights won't last  
much longer  
Calendar pages are falling down on summer days  
The summers fading and November is waiting,

Just tell me baby when your ready,  
And I'll make you a never ending wedding,  
A cinematic happy ending [x2]

Now is the time to make a choice,  
Just do what you gotta do  
And as the sweat trickles down your spine  
You don't know what to do

Live now, right now  
Time is ticking away  
The days are getting shorter, the nights won't last  
much longer  
Calendar pages are falling down on summer days
