Whoa yeah!

You say you're getting closer to last chance of suicide  
Tearing at your throat you won't let it die  
Left me here for all these days and ripped apart my  
pride

Take my place and look inside  
Try to find a place to hide, hide  
Lost my faith but don't you cry,  
I got a hole inside and it's 10 miles wide (yeah alright)

Living on the coast cocktails and telling lies  
Gotta fucking curse that's coming to life  
You left me here for all these days and ripped apart my  
pride

Take my place and look inside  
Try to find a place to hide, hide  
Lost my faith but don't you cry,  
I got a hole inside and it's ten miles wide

It's not to late I'm close behind  
I've gotta get inside your mind, mind  
Lost my faith but don't you cry  
I got a hole inside and it's ten miles wide

Take me on,  
I'm feeling in the mood  
for something dangerous  
I found myself again

Take me on,  
I'm feeling in the mood  
for something dangerous  
I found myself again

Take my place and look inside  
Try to find a place to hide, hide  
Lost my faith but don't you cry,  
I got a hole inside and it's ten miles wide

When I lost myself and looked inside  
It branded me for life  
I can't help myself it's mine to hide  
I got a hole inside  
It's feeling 10 miles  
It's feeling 10 miles  
It's feeling 10 miles wide

Ten miles wide  
Ten miles wide  
Ten miles wide
