He had a plan to kill you all along,  
The evidence was hidden in this song,  
I was a ghost,  
I was there at the scene,  
As the embers rise, my hands,  
Smelled like gasoline,

So, the headlights murdered my thoughts,  
I curse this taste that's on my tongue,  
This taste will last until I rip it out,  
No, I won't need these gloves,  
Her bones are withered away, but your ghost will  
remain.

You're the only one that wore your seatbelt,  
We're the only ones that cried,  
Catastrophic accidents,  
You're the only one that died

[Chorus:]  
So keep my casket closed,  
Your heart beats under the floor,  
It haunts me in my dreams,  
But nothing's as it seems,

Hallelujah,  
So just believe in me,  
Never let you down,  
Drive all the way,

You're the only one that wore your seatbelt,  
We're the only ones that cried,  
Catastrophic accidents,  
You're the only one that died.

[Chorus]

Tried so hard,

To heal the scars and touch her heart.  
I was to blame,  
For the reasons and the absence of my faith.

[x2]

You say that there's no  
(I never thought, I would never expect for this to turn  
out this way.)

Answers and I,  
(Down below, lies your bones, they're cold and  
withered away)

You say that there's no answers and I,  
(I never thought, I would never expect for this to turn  
out this way, down below)

I was a ghost.

What did you expect?  
(It was never enough, it was never enough, it was never  
enough, now was it?)

[x3]

Down below,  
Lies your bones,  
I'm dancing with your ghost,  
I hope and pray that someday,

[Chorus][x2]

I was a ghost.  
(But nothing's as it seems
