Non-fiction, don't believe me.
The chances I have to take.
Betrayal at its best is always second guessed.

Try, I am healing the pressure
so give me reason now.

It's been so long and I've waited.
I've been waiting for so long,
don't fight it's hard to breathe
when you're buried alive.
You take this place for granted
and you realize it's never enough.
I've been waiting so long (so long)
This will never end.

Oh, oh.

The reflections of false hope,
we kept the secrets in the dark
and the values of our brothers inside.
The shadows I can see,
can see me perfectly, their ratio
is ten to oh!

It's been so long and I've waited.
I've been waiting for so long,
don't fight, it's hard to breathe
when you're buried alive.
You take this place for granted
and you realize it's never enough.
I've been waiting so long (so long)
This will never end.

Oh, we're on top of the world.
Let's go. (Let's go.)
We're on top of the world.
Oh (oh)
We're on top of the world.
Let's go (Let's go.)
We're on top of the world.

Let's go.

It's been so long and I've waited.
I've been waiting for so long,
don't fight, it's hard to breathe
when you're buried alive.
You take this place for granted
and you realize it's never enough.
I've been waiting so long.

Your death is written on paper,
my heart is fueled by hatred
(fueled by hatred).
Dragging (dragging)
dead bodies up really steep hills.
