This love is bittersweet. It's always incomplete.  
Right now your killing me (ohhh oh)  
'Cause everything that you say, and every time that you  
stay,  
I see that now you have changed and I'm the one that  
you blame.

Chorus:

NOW YOU'RE GONE!  
And your on to the next one  
This time I got to live without you  
Thats just the way it has to be  
This time I got to live without you (whoa oh)  
And your on to the next one.

When the night, turns to day  
I know that people change but you just stay the same.  
You would swear,  
On your grave,  
That you would never become exactly what you hate.

Chorus:

NOW YOU'RE GONE!  
And your on to the next one  
This time I got to live without you

Thats just the way it has to be  
This time I got to live without you (Whoa ohh)  
And your on to the next one  
On to the next one.

Every night, turns to day,  
And everyone has to change

Chorus:

NOW YOU'RE GONE  
And your on to the next one  
This time I got to live without you  
Thats just the way it has to be  
This time I got to live without you (Whoa ohh)  
And your on to the next one

This time I got to live without you  
That's just the way it has to be  
This time I got to live without you (Whoa ohh)  
And you're on to the next one.

On to the next one  
On to the next one  
On to the next one.
