Listen up cause this is not the end  
Your the last thing that crossed my mind  
Relationships are based on trust  
Well I guess this one was based on lies

Based on lies (x3)

Listen up to the ones you trust  
Just a few by your side (Surprise)  
Give in, everything's going to be alright  
(We've got a place to recognize)

No time for me to go  
I know, you know the fights are getting old

This is not lesson I have to say to you  
So sorry but I have to go  
Wash my hands of you

You'll say you will never change  
I say that's too bad  
I'm sorry your against what (you and I could have had)

But it's your fault for all the stupid things  
That you and I have done and said

The lies, The cries  
It's no wonder that you are dead  
So sorry but I have to go  
Wash my hands of you

Your honesty is killing me  
The page I've read the words that said  
You still loved me  
You lied to me and you don't see  
The things you've said and now your dead  
And that's alright by me

This is not lesson I have to say to you  
So sorry but I have to go  
Wash my hands of you

Listen up cause this is not the end.
