Through the fire and the flames*
A sea of dead drives men insane
We march the fight into the cold
This is as far as it will go

Through the fire and the flames
A sea of dead drives men insane
We march the fight into the cold
This is as far as it will..... go..

War (3x)
Yeah! (2x)

We have to find a better way
Out of this tragedy
As the battle rages on
Blood strikes the ground we're on
My ears hear only screams
Brave soldiers are dying
One spartan stands alone and shouts
"this war is ours!"

Yes i will see you see you
"this war is ours!" (2x)
And i will stand my stand my
"this war is ours!" (2x)

War (4x)
Go

[solo:]

Go

Through the fire and the flames
A sea of dead drives men insane
We march the fight into the cold
This is as far as it will go
The battle ends on top of here

This is where we conquer fear
On blackout armed with our swords

This war is ours
Yeah this war is ours

Yes i will see you
Through the smoke and flames
On the frontlines of war

Yeah this war is ours
This war is ours

Yeah (2x)

This war is ours

Yes i will see you
Through the smoke and flames
On the frontlines of war

Through the fire and the flames
A sea of dead drives men insane
We march the fight into the cold
This is as far as it will go

Through the fire and the flames
A sea of dead drives men insane
We march the fight into the cold
This is as far as it will go

Through the fire and the flames
A sea of dead drives men insane
We march the fight into the cold

This is as far as it will go
This is as far as it will go
This is as far as it will go
This is as far as it will go
This is as far as it will go

"this war is ours"
