We have to find a better way  
Out of this tragedy  
As the battle rages on  
Blood strikes the clabbered hood

My ears, they hurt like shit  
Great soldiers are dying  
What part is this alone?  
You shout, "This war is ours, this war is ours"

Yes, I will see you through the smoke and flames  
On the front lines of war  
(We have to find a better way)  
And I will stand my ground until the end  
Till we conquer them all  
(We have to find a better way)

Through the fire and the flames  
I see your death, time bid its stay  
We march the fight into the cold  
This is as far as you will go

The middle is a covered hill  
This is where we conquer fear  
Arm the cannon with a shot  
This war is ours, yeah, this war is ours

Yes, I will see you through the smoke and flames  
On the front lines of war  
(We have to find a better way)  
And I will stand my ground until the end  
Till we conquer them all  
(We have to find a better way)  
Till we conquer them all

Yes, I will need you through the smoke and flames  
On the front lines of war  
And I will stand my ground until the end  
Till we conquer them all

We will conquer them all  
We will conquer them all

We will conquer them all, oh

This war is ours, yeah, this war is ours

Yes, I will see you through the smoke and flames  
On the front lines of war  
And I will stand my ground until the end  
Till we conquer them all  
So I will fight my battle till I fall and I conquer them all  
Till we conquer them all

Go, yeah  
This is why  
Why, why, why, why, why, why, why  
This is why
