We have to find a better way
Out of this tragedy
As the battle rages on
Blood stains the ground we're on
My ears hear only screams
Brave soldiers are dying
One spartan stands alone and shouts
This War is Ours
This war is ours

Yes, I will see you through the smoke and flames
On the frontlines of war (We have to find a better way)
And I will stand my ground until the end
Till we conquer them all (we have to find a better way)

Oh
Through the fire and the flames
A sea of dead, drives men insane
We march the fight into the cold
This is as far as it will go
The battle ends on top of here
This is where we conquer fear
On blackout armed with our swords,

This war is ours
This war is ours

Yes, I will see you through the smoke and flames
On the front lines of war (We have to find a better way)
And I will stand my ground until the end
Till we conquer them all (we have to find a better way)
Till we conquer them all

Yes, I will lead you through the smoke and flames
On the front lines of war
And I will stand my ground until the end
Till we conquer them all

We will conquer them all
We will conquer them all
We will conquer them all

Oh

This war is ours. Yeah

This war is ours

Yes, I will see you through the smoke and flames

On the front lines of war

And I will stand my ground until the end

Till we conquer them all

Oh

So I will fight my battle till I fall

And I conquer them all

Till we conquer them all

Oh

Go

Yeah

This is war

War

War

War

War

War

War

War

This is war
