and me baby all make you moan all make u scream
(comon) ama give it to you so what you saying I know

Something about you, makes me high
Something about you, the way you love
Something about you, the way you look
Something about you, the way u are
Something about you, the way u kiss
Something about you, your sexy eyes
Something about you, the way u smile
Something about u makes me crazzzy
Something about you
Here I go again the strip in your eyes got me smiling
Went through our beginnings like a story or two
Reveiling my feelings like a blot of votes

So wat you saying, so let me tell u what I mean
Quit playing, 4 real baby u n me
So wat u saying
I don't know if it could be
Quit playing, u'll just have 2 wait n c

No way it's cool but girl I'm telling u
Okay it's true it's love I fell into
I ain't lying I'm coming right out to tell u
That it's
Something about you, makes me high
Something about you, the way you love
Something about you, the way you look
Something about you, the way u are
Something about you, the way u kiss
Something about you, your sexy eyes
Something about you, the way u smile
Something about u makes me crazzzy
Something about you

Here I go again dam
Follow my lead mama come n hold my hand
Don't be scared no don't be nervous
Give it a shot yea nothing can hurt us

So wat u saying
I'm tryna take u home with me
Quit playing
I know u want me just believe
So wat u saying
Take a look but don't touch (ha quit playing)
Promise me u won't rush
Okay I promise to take it easy between the sheets slow
love
Please believe me I ain't lying I'm coming right out to
tell u that it's
Something about you, makes me high
Something about you, the way you love
Something about you, the way you look
Something about you, the way u are
Something about you, the way u kiss
Something about you, your sexy eyes
Something about you, the way u smile
Something about u makes me crazzzy
Something about you

Here I go won't u roll with me (common)
Let's come together no need to be lonely
U know what I want n what I'm tryna get
The way u dress the way u kiss baby wat u expect
So wat u saying
