"Today boys and girls we have a special speaker in the house tonight  
And he's gonna teach you about life and death"

I was born a God damn failure  
Dropped outta school at mitalia  
Found me a nickel and lost a dime  
My whole life story came true in a rhyme  
I don't know what the fuck was on my mind  
I tried suicide 4 or 5 times  
Tried to take a whiff into wrist but it didn't work  
And it seems I'm the only one that's gettin' hurt  
Now I gotta bullet and a chain, and I'm fulla sweat  
I decide to play a game of Russian Roulette  
Click, click, click I guess I loose I didn't win  
So I decide to do it again and again  
Now it's gettin' borin' 'cause I keep on loosin'  
I guess I'm kinda cruisin' for a bruisin'  
Then I take a knife and put a 6 in my head  
3 times then I say I wish I was dead  
Blood drippin' off my forehead  
And then I'm lyin' in my deathbed, but I'm not dead  
I gotta headache so I'm gettin' somethin' for it see  
I take some Tylenols, about 23  
So what you wanna follow me  
I got 13 ways to commit suicide

Who would like to hang from a tree?  
"I would I would," then listen close to me  
You get some sturdy rope and put it 'round your neck  
Tie a real good knot, or the shit won't work  
It's best to put it in a noose  
Just incase you have second thoughts you can't get loose  
Now we're at number 6  
This a real goody no special effects or countertricks

Tie a big rock to your foot no mistakes  
Then jump your ass in a deep lake  
Get yourself some gas, then drink that shit  
Then drink some more, then you smoke the cigarette  
Or better yet, get real drunk and take a real long drive

On the freeway down the wrong side  
Brother you're bound to make a hit  
It's like lettin' a pitbull suck a dick  
So if you wanna follow me  
I got 13 ways to commit suicide

Now we're on number 11  
Did you know suicidalists didn't go to heaven?  
'No where they go man?" take another guess  
Matter fact take another suicidal test  
This is what you do man  
Go jump your monkey ass off a real tall building  
And then you live through that one  
You get reincarnated mean you get to come back son  
But I seriously doubt that  
'Cause you been tryin' to kill yourself you don't care  
shit about that o yea i rule  
All you wanna do is die  
Maybe motherfuckers kill themselves but don't know  
why  
But I know why I'm teachin' you this  
"Why?" Should you have to kill yourself, you don't miss  
To prevent a miss, you put a gun in your mouth  
And blow your fuckin' brains out  
Fuck your mommy, fuck your daddy, nobody cares  
Look how they treated you over the years  
What you oughta do is kill them then you  
A suicidalist dream come true  
So if you wanna follow me  
I got 13 ways to commit suicide
