[Esham]

I was an unplanned pregnancy, brought forth by a mistake

Born into a world, filled up wit lust a hate

Little do I know about life, but I'm still learnin

First was my journey through hell, without burnin

Livin in the ghetto, the Devil is now a black man

I saw him standin in the corner wit the crack man

Little do I know, this hell is now my home

Since birth the peace Ive known, is now gone

Like the death, days passed, I'm still growin

Death is my fate, and this hell but never knowin

When, but how do I survive without sin

But thou shall not kill was my first

Then I broke off Ten Commandments, I guess I'm doomed to go to hell

But I'm already there, so tell another tale

From the dark side of myself, I'm entangled

Between Heaven and Hell, the Fallen Angel

"Aaaaaaaaaaaaaaaaaahhhhhhhhhhhhhhhhhhh!!!!!!!!!!!!!!"

[Esham]

18 years passed, never knew about love

The sky is fallin, so I fell from the Heavens above

Product of ya sins, my father, I never knew him

Call the Exorcist, cuz the Devil done got to him

Voodoo child, son of bitch, a bastard

Sold my soul, and now I'm the master

My mother sings the blues, and drinks the booze

And then she praise to save my soul from bad news

Tears fall, I hear my mother call on the Lord

At night I be playin in my room, on the Ouija board

Screamim red rum at the top of my lungs

When I close my eyes, visions of bodies bein hung

Death was my destiny, life was a test to me

Livin inside, my owns sins of blasphemy

Death awaits inside myself, I'm entangled

Between Heaven and Hell, im a Fallen Angel

As my soul gets deep into darkness can I be saved
My life flash before my eyes in many ways
I saw me in my earlier days, in wicked ways
Cross my heart, and hope to die, is on my grave
Written on my tombstone, rest in peace
Rottin body in the ground, as the maggots feast
You see I live so fast, but died so young
Another victim of brotha, drinkin his red rum
I'm fallin from the heavens and I'm on my way
To meet my maker, the undertaker, cuz now is
judgment day
My soul is hot, and my body is all rotten
Another angel falls from the heaven, forgotten
Without a clue, nobody knew, the knowledge to teach
me
Cuz a, fuck the teacher and fuck the preacher
As my soul empiric's inside myself, I'm entangled
And outcast from the Heavens, so I'm a Fallen Angel
