Fuck everybody in the industry  
I be Mr.Negetivity  
Sleepin with my oozie  
Fuck your mic style you've given me  
I'll take you on a journey journalists,insane's how I'm  
livin,see  
I'm livin like a nigga straight out of jail  
I know on this luck I got no money, but I got a gun and  
some shells  
Oh hell, might as well pull the trigga  
I'll never resnake nigga, when he slitha  
Bitch, I ain't happy I flow bitta  
Take a Lousiville bat  
To your head, crack  
But then again should I just slit his throat  
For sayin my fuckin name in that rhyme he wrote  
Should I kill your wife and your child  
For tryin to assassinate me and my style  
Bitch, please  
Hoe, please  
Catch these bullets when I squeeze,I'm

#### HOOK/MR. NEGETIVITY

Negetive,negetive,negetive  
I squeeze(x2)

I ain't got shit positive to say  
About any rapper on the mic today  
Cause ain't no rap groups out, that I know  
That make me wanna listen to the hoe ass radio  
All I hear is mothafuckas tryin to make a come back  
With popstyle, and 50 niggas on the track  
And that shit is wack  
You need to be smacked  
With the grill of the caddilac  
Soldiers always tryin to bite somethin  
Cause they know deep down, they bitch-ass can't write  
nothin  
Niggas steal your raps quicker then the haters  
So, I'ma start murderin entertainers

Hole in your head for bein famous

Everybody know you stupid, now you really brainless  
Shameless, and nameless  
Catch these missiles when I aim this

HOOK/MR. NEGATIVITY  
Negative,negative,negative  
I squeeze(x2)

Everybody, even they momma wanna bust a fuckin rap  
Step in the ring and get walked on like a door mat  
As far as the radio goes, fuck your format  
Cause Detroit City is where we war at  
I don't give a fuck, nigga  
I squeeze triggas, my gun's bigga  
I pick some, Buck some  
Mothafuck some  
Don't let 'em hear my shit, you can't trust 'em  
Cause niggas be runnin out of ideas  
And they a steal, steal a nigga's shit steal  
How come, your new cd sound just like my last album  
Cathc the dum-dum, You bum-bum
