Yeah

Yeah

Yeah

Yeah

I'm comin' back again, and I'd rather be dead

My Momma was a junkie, I need a brand new head

The symptoms of insanity got me intertwined

Voices in my head playin' tricks on my mind

I got to get my head together, 'cause it's fallin' to pieces

My mind has a migraine so I'm callin' Jesus

13 Ways to commit suicide, I'm doin'

Razor to my wrist, someone ask me what I'm doin

I wanna just die, I wanna just die, so please just cut my blood veins

Some may imply I'm insane, on my shirt is blood stains

The room is spinnin' and I'm grinnin', thinkin' evil thoughts

Nine dead bodies and I never got caught

A skitsofranitc, somebody panic, is it just mad at me?

Don't understand it G, I got the symptoms of insanity

The symptoms of insanity, I tried to get to therapy

Went all nuts, 'cause nobody cares for me

Shoot 'em all up, shoot 'em all up, bang bang, buck buck

If I can't, just look in the head, I'm dead, I don't give a

fuck

Who wanna know, who wanna know, where the bad
guys go?

Nine been waitin' to kill, right between the eyes, bro

Kill the fetus, kill the momma, kill the daddy and the
dog

Boy, I kill ya bumper car, wicket and I'm deadly
Shoot 'em all up, shoot 'em all up, shoot 'em all up
dead y'all

So many times, I write my rhymes and mutha fuckas
scared of me

Esham the black devil, unholy niggero
Symptoms of insanity, I'm quick to pull the trigger, hoe

Schizophrenic, somebody panic

Say it's just mad at me, don't understand it G

I got the symptoms of insanity

I'm comin' back with the wicket shit, but now I gotta
fuck it
I cut my dog's head off and threw it in a bucket

The U-N-H-O-L-Y, cross my heart and hope to die

Flowin' like this is slittin' my wrists

I see the terror in your eyes

Back 'em all up, and buck 'em all down

Lettin' 'em know I'm not fuckin' around

Standin' my ground and holdin' a frown

Holdin' my dick and holdin' it down

Walkin' the trail, bloody as well

Dead skin under my fingernails
Crucifix, triple six, Esham's mackin' the funky mix

Life after life, life after death

Tell me I'm under holdin' my breath
Symptoms of the insanity
Lost my brain, end humanity

Gimme your life, appetite, settin' the fire on Devil's
Night

Bury me alive, bury me dead, voices are screamin'
inside of my head
Losin' my mind, losin' my mind, losin' my mind, losin'
my mind

I'm losin' my mind, I got the symptoms of insanity
