uh, yo
yo 1, 2
uh

Verse 1 :

i be chasin money like its gingerbread
maybe ill relax the day when i get ahead
but even close friends
leave u when u dont spend
time is money and its funny how it all end
yo its like.. lemme put the blunt out
yo yo what up yo, stash about to run out
just called that nigga T, he killin niggas for a price
i guess thats what its worth n what he feel this shit is
like
s'like transformer chain, gotta move like hot pursuit
choppa suit ya gotta do it, big, how u doin?
its not knock knock, how i go in
feel like a jet if the jet flew low in
thats time
(so) lets go, go up, way up, so up
no lows, hold up, just hold up, get pulled up

Chorus:

but a nigga thinkin, ball like that
all like that, fall like that
i'm gon' get this, money like that
on like that, gone like that
that had me thinkin, ball like that
all like that, fall like that
a nigga gon' get money like that
but this is only this cuz we got it from that

Verse 2:

when i fell asleep in the car like the midnight shift
i woke up n never thought i would live like this

cuz even hot days
freeze when u not paid
time is money but its funny how it fly away
and its all a nigga gotta say
i know we s'posed fly, yeh yo without the J's

yo im, out here trynna help the helpless health to
healthy
mane they bouty bouty but they bout it in a helpless
way
yeh....take it in
real niggas know the game of life n only play to win
and i
i know i need it but i wont obey the sin
million other ways to make it n my soul will stay within
cuz if u all about money, thats all u gon get
it cant buy my heart, but i pay it respect
u could have it all, with nothing to spend
with that being said, bitch, cut me my check

Chorus:

cuz a nigga trynna, ball like that
all like that, fall like that
it got me thinkin, money like that
on like that, gone like that
a nigga gonna, ball like that
all like that, fall like that
I wanna get the, get money like that
but this is only this cuz we got it from that

(so) lets go, go up, way up, so up
no lows, hold up, just hold up, get pulled up
