Sarah, won't you tell me your name?
I've been waiting here for hours
In the garden by the flowers
You're so shy

So just open your eyes
The boys all form a line
To be written out in time
A long, long, long, long time ago

Emergency
I think I am falling apart
Emergency
I think I am losing the fight

And I don't know if I can do it
I don't know if I can try
I don't know if anyone
Asked me the reason I lied
She sighed

Sarah, is she your new best friend?
One day it will end, you know it will
You're so shy

So just let it fall apart
Let it stumble in the dark
With the razors in your heart
A long, long, long, long time ago

Emergency
I think I am falling apart
Emergency
I think I am losing the fight

And I don't know if I can do it
I don't know if I can try
I don't know if anyone
Asked me the reason I lied
She sighed, she sighed
You're so shy

Emergency
I think I am falling apart
Emergency
I think I am losing the fight

And I don't know if I can do it
I don't know if I can try
I don't know if anyone
Asked me the reason I lied
She sighed, she sighed, oh no
