With lips that kiss, words of teeth  
And I was wrong to let you know  
So drink your coffee and catch your bus  
Cause I just want my suicide girl

My social suicide girl  
Poison in the well  
Razors in the apple core  
She's my social suicide girl  
She'll catch you in her way  
Until everyone just stays away

See these words, sharp as knives  
And I just want to let it go  
Seven stitches in my head  
And I just want my suicide girl

My social suicide girl  
Poison in the well  
Razors in the apple core  
She's my social suicide girl  
She'll catch you in her way  
Until everyone just stays away  
Stays away

Oh girl  
Oh girl  
Oh girl

She's my social suicide girl  
Poison in the well  
Razors in the apple core  
She's my social suicide girl  
She'll catch you in her way  
As everyone just fades away

If her kiss is deep  
Then you'll sleep  
Gravestones lie  
And Futures die
