How do I ask her to come back to me  
After I told her goodbye  
How do I love her so desperately  
when for so long I've pushed her aside  
How do I walk back into her life  
when I'm the one who walked out on her  
How do i ask her  
to see me again  
I told her that I wasn't sure  
that we could be friends

God can you whisper in her ear  
anywhere on the way to her car  
Before the wind blows her too far  
away from my heart  
Can you whisper in her ear  
anytime while shes lyin' on her bed  
Can you tell her everything that I've said  
everything that I've said

How do I try and explain everything  
when nothing i say seems to fit  
How to i get her to pick up the phone  
Baby, how did we ever get like this  
Tell me what kind of man  
lets love slip away  
and leaves such a good thing behind  
I'm holding my hands pressed  
praying to find  
a way to fill in this hole  
that I have inside

God can you whisper in her ear  
anywhere on the way to her car  
Before the wind blows too far  
away from my heart  
Can you whisper in her ear  
anytime while shes lyin' on her bed  
Can you tell her everything that I've said  
everything that I've said

oh can you whisper  
oh can you talk to her  
can you talk to her  
oh yea can you whisper  
can you whisper  
oh whoa hey
