"By Your Side"

There's a man by your side
who does not treat you right
He's got nothing but bruises to offer so
break that deal and get out

The first year all was fine
No steep hills to climb
That's what you remember it's hard to let go but
you have to get it out of your mind

Cause I, I could be around you,
and it's not too late, no it's not too late

He's got trouble inside
He's gone thru some really hard times
I don't think he chose to become what he has but,
Believe me, this is not your fight

I've seen so many like you
And I know those who stay always loose
So don't be a number, in those statistics
just leave, and escape this abuse

Cause I, I could be around you,
and it's not too late, no it's not too late
No, don't let him surround you,
go find a way, go find way
