verse

what you gonna do?
when they say
that love has gone its own way

could you really know
how to play
a game that has not yet been written
today

bridge
watch these signs of warning as
you pass them on your road
remember all that has been said
and all that has been told

chorus
My love
don't you cry love
if you try love
you can do it

my love
don't you need love
if we tried love
we could do it
