It's amazing, the way life goes  
I had the blazin', but I didn't know  
I've been chasing, ever since that day  
Found no replacing, the perfect prey

And she knows that, she's closing the door  
On what's in the back of her heart  
Nobody knows but it's a start anyway  
These things are so hard to say

And it's obvious, the easy things they never happen to  
me  
And it's serious, the crazy things they always happen to  
me

So, my Lady Fortune, you're sleeping, wake up  
I think I've earned your attention, had not one cup

And she knows that, she's closing the door  
On what's in the back of her heart  
Nobody knows but it's a start anyway  
These things are so hard to say

And it's obvious, the easy things they never happen to  
me  
And it's serious, the crazy things they always happen to  
me

And the jealousy put was given with us  
We were wanted for being some fortunate ones  
And my memory loss didn't help much at all  
She's closing the door on what's in the back of her  
heart

And it's obvious, the easy things they never happen to  
me  
And it's serious, the crazy things they always happen to  
me

And it's obvious, the easy things they never happen to  
me

And it's serious, the crazy things they always happen to  
me
