As around the sun the earth know she's revolving
And the rose buds know to bloom in early may
Just as hate knows loves a cure
You can rest your mind a sure
That I'll be loving always

As now can't reveal the mystery of tommorrow
But in passing will grow older every day
Just as all is born is new
Do know what I say is true
That I'll be loving you always

Untill the rainbow burns the stars in the sky
Untill the ocean covers every mountain high
Untill the dolphins fly and Parrots live at sea
Untill we dream of life and life becomes a dream

Did you know that true love ask's nothing
True love don't want a thing
Her acceptance is the way we pay
Did you know that life has given love a gaurentee
To last through forever another day

Just as time knows to move on since the beginning
And the seasons know exactly when change
Just as kindess know no shame
Know through all your joy and pain
That I'll be loving you always

As today I know I'm living tommorrow
Could make me the past but that I musn't fear
For I know deep in my mind
The love of me I left behind
Cause I'll be loving you always

Rainbow burns the stars out in the sky
Untill the ocean covers every mountain high
Untill the dolphins fly and Parrots live at sea
Untill we dream of life and life becomes a dream

I'll be loving you forever
I'll be loving you forever

I'll be loving you forever
I'll be loving you forever
