Hmmm-mmm

You said that you were gonna give me everything  
But it never came to be  
You said you needed but you needed my help  
When are you gonna help me?

You might've taken but you're surely not a giver, babe  
Don't think you could ever be  
So now I feel I'm at the centre of a fire  
Don't wanna let it burn me

The same old tricks, I should've known  
Maybe the time for words is gone  
Patience is thin and my nerves are worn  
And I'm so tired of waiting for a change

I need a little light in the rain  
I'm sick of dreaming 'bout the one day  
Maybe you'll make it  
Cuz I believe it's time for a change  
I gotta find a new anger, babe  
Instead of looking for something to say-ay  
Why not try the truth for a change?  
Hmmm  
For a change, yeah-ah

I thought I'd find an answer in the light of day  
But there's nothing there to see  
Always a little twist, a little turn in what you say  
You gotta learn to talk to me  
You haven't lost me but the cost of climbing everything  
I might need the company

The same excuse, I should've known  
Maybe I've helped out for too long  
Under my skin, something is wrong  
And I'm so tired of waiting for a change

I need a little light in the rain  
I'm sick of dreaming 'bout the one day  
Maybe you'll make it

Cuz I believe it's time for a change  
I gotta find a new anger, babe  
Instead of looking for something to say-ay  
Why not try the truth for a change-yeahhh  
Ooh Oh Oh  
Why-hy

The same old tricks, I should've known  
Maybe the time for words is gone  
Patience is thin and my nerves are worn  
And I'm so tired of waiting for a change

I need a little light in the rain  
I'm sick of dreaming 'bout the one day  
Maybe you'll make it  
Cuz I believe it's time for a change  
I gotta find a new anger, babe  
Instead of looking for something to say  
Why not try the truth  
(Why not try)  
Why not try the truth for a cha--ahhh  
Oohh Oh ooh Haa-oooh For a change  
(Why not try, Why not try)
