Get me outta here  
'Cuz my eyes are burning  
From these silly tears  
That you brought when you show me you don't really  
care  
And you never loved me, someone get me outta this  
place  
Right now

It's so amazing how you have so many faces  
And you are not that person I thought that  
I had fell so deep in love with

You changed up your makeup your DNA  
I can't recognize you're a stranger to me  
I feel so betrayed what a waste of my heart and me

Get me outta here  
'Cuz my eyes are burning  
From these silly tears  
That you brought when you show me you don't really  
care  
And you never loved me, someone get me outta this  
place  
Right now

My body's trembling it's so damn hard  
To kick this feeling, your heart is so cold and now I'm  
freezing  
Wish you could feel the pain, maybe I will arrange it  
Yeah yeah, yeah

You changed up your makeup your DNA  
I can't recognize, you're a stranger to me  
I feel so betrayed, what a waste of my heart and me

Get me outta here  
'Cuz my eyes are burning  
From these silly tears  
That you brought when you show me you don't really  
care  
And you never loved me, someone get me outta this

place

I thought that we were forever  
I guess I misunderstood  
My fault for thinking you loved me  
Or in thinking you ever could  
Get me out of here right now  
Get me out of here right now

Get me outta here  
'Cuz my eyes are burning  
From these silly tears  
That you brought when you show me you don't really  
care  
And you never loved me, someone get me outta this  
place

Get me outta here  
'Cuz my eyes are burning  
From these silly tears  
That you brought when you show me you don't really  
care  
(You don't really care)  
And you never loved me, someone get me outta this  
place

1, 2, 3, 4  
Right now, right now, right now  
Someone get me outta this place  
Right now, right now, right now  
Someone get me outta this place  
Get me outta here
