"What If"

I can remember all the times I tried to tell you
Just what was on my mind but I couldn't find the words
to say
I'm so confused by the thought of you and me together
And I'm afraid you might not feel the same

Even if you did
Would it change everything
And we could try
So maybe it's not meant to be

What if we fail
What if what if
It doesn't work out
What if what if
Thinking about
What if what if
What if what if
What if what if

What if we fail
What if what if
It doesn't work out
What if what if
Thinking about
What do we do
When all breaks down

Now I don't know where to go
And who to turn to
It has always been you
But I don't wanna lose you
Not this way
I'm not even sure if it's real what I feel
But I know that I need you
But I'm afraid you might not feel the same

Even if you did
Would it change everything
And we could try
But maybe it's not meant to be

What if we fail
What if what if
It doesn't work out
What if what if
Thinking about
What if what if
What if what if
What if what if

What if we fail
What if what if
It doesn't work out
What if what if
Thinking about
What do we do
When all breaks down

What if you feel the way I feel
We could try
But it could all go wrong in the end
And I don't want us to fall apart
Maybe it's better to stay friends

What if we fail
What if what if
It doesn't work out
What if what if
Thinking about
What if what if
What if what if
What if what if

What if we fail
What if what if
It doesn't work out
What if what if
Thinking about
What do we do
When all breaks down

What if we fail
What if what if
It doesn't work out
What if what if
Thinking about
What if what if
What if what if
What if what if

What if we fail
What if what if

It doesn't work out
What if what if
Thinking about
What do we do
When all breaks down
