Was it really this hard  
To be in your skin  
To want what you wanted  
Knowing you couldn't win

Was it really this long  
The road that you walked  
Before you laid down  
The lines around you were chalked

Godspeed my friends  
May you never be lonely again  
And the enemy from whom  
You always have run  
Was yourself and your army of one

You wish there was something  
That you could have done  
No tape to rewind and  
There never was a square one

Life's been unkind  
And people are cruel  
It's just another show, you need to go  
Beyond it, don't be a fool

Godspeed my friend  
May you never be lonely again  
And the enemy from whom  
You always have run  
Was yourself and your army of one

Lay down and rest we all know you have earned it  
Lay down and sleep for a while  
And I know there is comin' some kind of change in the  
weather  
But I'll never see your again

Godspeed my friend  
This is where you and I end  
And the enemy from whom

You always have run  
Was yourself and your army of one  
No more shall you have to run  
From yourself and your army of one

I will always remember you  
I will always remember you
