Oh my god here I go again I'm
About to get in deep
I'm completley obsessed with you and
that's why I lose me sleep

Can I be your shepherd can I the torch and the light the
way
I just wanna hold you smell you and have you every day
Can I have your inner secrts can I write about then in a
song
Just don't keep me hanging i've been hanging much
too long

Oh baby you're so cool
so beautiful I bet you rule
And you're nobodys fool
Oh baby you're so cool

I love your white lies your spunk your grand prize
the evil in your eyes
Your smell your levis your taste your dress size
Your see-through alibis

I follow you around all day I cling to you like I'm some
kind of tail
I sleep outside your doorstep and sometimes I even
read your mail
I watch you every weekday and I watch you sundays in
the park
Baby are you nuclear cos you're glowing in the dark

Oh baby you're so cool
so beautiful I bet you rule
And you're nobodys fool
Oh baby you're so cool

My perversion my introversion has got me on my knees
Lets get down and explore each other so I can find
some peace

One look at you it's clear I've never wanted anyone this

bad
I'm pretty damn sure you're better than the ones that
I've had
You're such a trip just watching you sends shivers
down my spine
I bet you're really bad for me now I just gotta make you
mine

Oh baby you're so cool
so beautiful I bet you rule
And you're nobodys fool
Oh baby you're so cool
