#This is the version from the original (norwegian)  
#version of the album Red (UMD 86505 Universal  
1997)

I saw her first  
She came around  
The day my angel came to town  
This is just a love song  
Her shine was white she rode the light  
She let her wings go where they might  
'Cos she looked to be a wild one

She just got in my car and said  
"Boy drive me to the end of the world"

If I fall for an angel  
Then I know she will stay on my mind all the way  
If I fall for an angel  
One like you  
Like you

We drove all day we didn't stop  
Along the way until the top  
Of the cliff by the sea  
She played her tapes of Afghan Whigs  
'Cos that's the rock she digs  
It was all a fantasy

And when the night tumbled down on us  
Her name was tattooed over my heart

If I fall for an angel  
Then I know she will stay on my mind all the way  
If I fall for an angel  
One like you  
Like you

The moon was high and so was I  
'Cos I was drowning in her eyes  
And while the waves crashed to the shore  
I would politely ask for more

I didn't even know her name  
But frankly that was all the same  
Because I just could not believe  
That this was happening to me

I know the devil holds his ploys  
He likes to pull on little boys  
Makes them kinda crazy  
Well looking back a little while  
To fall so hard was not my style  
And I don't think I'm changing

But if she asked me to do it all again  
I wouldn't change anything

If I fall for an angel  
Then I know she will stay on my mind all the way  
If I fall for an angel  
One like you  
Like you
