Once in a while
When I'm sleeping
My horses are wild
And I'm weeping
Just like a child
I wake up dreaming that I've been loved

Nights are in blue
And castillian
Thinking of you
Senses reeling
Diving into
This illusion that I have been loved

Lucky for you
You know what to do
When somebody hurts you
Somebody enters your life then disappears
Leaves you in tears
Stirs up your fears
If you have a clue
About what to do
Then that's lucky for you

Still lucky for me
You're amazing
You made me see
Sparks come blazing
I was lucky to be
Made to feel like I had been loved

Lucky for you
You know what to do
When somebody hurts you
Somebody enters your life then disappears
Leaves you in tears
Stirs up your fears
If you have a clue
About what to do
Then that's lucky for you

I didn't think you would sacrifice

The love I made you receive
I'd pay a grand for some paradise
But I'm just too scared to believe
