Listen up, listen in
Now you know it's easy to begin
Drink a beer, smoke a joint
Do a line, enjoy it every time

I don't think, think you like
Think you know you like it anyway
Now you know, where I've been
By the stink that's coming off my skin

(CHORUS)

Trapped inside it
In too far kid
See around it
Fire around you
Lay your cards on the table
And you do all you body's able
And your body burns in the fire
Ask yourself why you are so tired

Listen up, listen in
This is an intervention
Friends are here, family near
Overcome all of your fear

Take a chance, sober up
Laughter's fine with a strong spine
Is it clear, start the tear
The pages of life seem unclear

(CHORUS)

Can you deal with all your addictions?
Do your friends know all your afflictions?

Listen up, listen in
Now you know it's easy to begin
Drink a beer, smoke a joint
Do a line, enjoy it every time

I don't think, think you like
Think you know you like it anyway
Now you know, where I've been
By the stink that's coming off my skin

(CHORUS)
