#### VERSE I:

Here we are caught up in the same routine//  
We're at it again back and forth sayin things we know  
we don't mean//  
I wanna believe you when you tell me that you're gonna  
change this time//  
Tell me do you really see a fool when you're lookin into  
my eyes//  
...and you tell me what I wanna hear//  
You tell me what you know I'll believe//  
To temporarily mend the broken pieces of you and I//  
That won't last...but maybe that's just me

#### CHORUS:

Somebody tell me what it is that keeps me coming back  
to you//  
I don't know what it is//  
... but love always wins//

#### VERSE II:

I put up with your love for the last 3 years and I'm givin'  
it back//  
I don't know what it is bout this time but I don't feel  
bad//  
Cuz I gave you my all. My heart. My soul. My everything.  
//  
I was ready to give you my last name and do anything//  
how do you give a love so deep to someone w/ a heart  
so shallow?//  
but at the end of the day,  
I find myself back with you so I guess I just don't know//

#### CHORUS:

Somebody tell me what it is that keeps me coming back  
to you//  
I don't know what it is//  
... but love always wins//  
Somebody tell me how to get things back the way they  
used to be//  
but that's not how it is//  
Cuz love always wins//

BRIDGE:

Let's get back to the days where I could see the light  
in your eyes while we're layin in the dark//  
Even though it's not the same as before,  
I can still see the old you in your heart//

CHORUS:

Somebody tell me what it is that keeps me coming back  
to you//  
I don't know what it is//  
... but love always wins//  
Somebody tell me how to get things back the way they  
used to be//  
but that's not how it is//  
Cuz love always wins//  
Somebody tell me what it is that keeps me coming back  
to you//  
I don't know what it is//  
... but love always wins//  
Somebody tell me how to get things back the way they  
used to be//  
i dont know what it is, but love always wins (x3)
