Wicked land, where is the future, I will wander about  
the world

As long as I live or secure the objects I reach the  
heaven on this world or I die

[Chorus:]

I feel like a wonder - worker, I feel I could to change the  
world

I hope I am the chosen one and I'll bring the light to this  
land

I need to go by the mountains, by the forests, by the  
rivers and seas

I need to go that to search my life, escape from the  
death and seeking the light

[Verse:]

I create my own reality and it will be for other people  
When I'll access to the end of my way I'll change the  
future of human beings

[Solos: Pajak]

[Verse]

[Solo: Vitt / Solo: Pajak]

No sympathy, sex and outrage, endless fights, people  
will never change

[Solo: Pajak]

[Chorus]
