[Feat. Nas]

[Estelle:]

Let's just fall in love (ooh-ooh)  
So we could fall in love  
(Ba ba ba ba)  
(Nas- Let's fall in Love)  
We could fall in love [x2]  
(Nas- When it's real it can last to the end)  
Lo-ooo-ve  
Be on the stars and the moon and the sky, let's fall in  
love

[Verse 1: Estelle]

I see you, know you see me too  
'Cause you're slowing down  
Put some extra pep in my step  
Now, I'm trying to be cool make you turn around and  
check me out  
We walk by each other daily  
But there's something 'bout today that says maybe  
The street signs, the city lights, all the stars, could lead  
me to you  
And you know

If it's okay with you  
If it's okay with you, let's go  
Go to some place that we don't know  
Do need a reason baby we might be crazy  
I'm thinking, we should fall in love

We could fall in love (ba ba ba)  
Be on the stars and the moon and the sky  
Just fall in love (ba ba ba)

[Verse 2: Estelle]

Let's go slow  
We got all the time we could ever need  
We could catch a movie and possibly  
We could get together more frequently  
I can't believe it'

We walk by each other daily  
But there's something bout today that says maybe  
The street signs, the city lights, all the stars could lead  
me to you  
And you know

If it's okay with you, let's go  
Go to someplace that we don't know  
Don't need a reason baby  
We might be crazy  
Thinking, we should fall in love  
We could fall in love

[Verse 3: Nas]

If it ain't a son in them air force ones  
With all this Rose and all these blunts  
Who dares violates you must get stopped  
Who the king of New York and Don't say trump  
Nas the name I used to holla at dames  
Let em ring the bell at the stock exchange  
Put her in chanel her Reeboks were lame  
Had her front row at the boxing ring  
What happened to you girl you're not the same  
Top floor [ ? ] we're not playing  
Feeling better than I ever did  
Nothing negative niggas talk rhetoric  
I'm a soldier of love ask Sade  
More like frank only do it my way  
It don't matter what the blogs say  
I go hard like ain't nobody signed me

[Chorus]
