Do you believe in love?
Yes I believe in love
I believe it's because
I've tried
And if you know anything
Bout loving anyone
Somehow you got
To be satisfied
Oh
It's also changed
At least
Not for me baby
I'm doin'
What I gotta do
I'll be fine
Find a way
To pass the time
While I sit here
Waiting on you

(Oh, listen)

But as soon as you
Get the chance, baby
You've got to

Love me
(Love me baby)
Please
Say I love me
(Love me baby)
Pretty please

Know it's hard
Out there
I can imagine how
Who you are, in here
See I can imagine now
What kinda attitude
You don't have to be
Able to read my mind

Oooh
I can hardly walk
Without nobody talking
So I might
As well go out alive

Just as soon
As you get a chance

Love me
(Love me baby)
Please

Say I love me
(Love me baby)
Pretty please

Why
Tell me why you
Wanna treat me so bad
When you know
I love you
Darlin' don't you know
I'm giving you
The best lovin
You've ever had
No one else for you
Just assume
Just assume
Just assume
Just assume

Love me
(Love me baby)
Please
Say I love me
(Love me baby)
Pretty please

Love me
(Love me baby)
Please
Say I love me
(Love me baby)
Pretty please

Say won't you
Come love me
Pretty
Pretty please
Say if you've

Got the time baby
Come
And spend it with me

I'm tired
Of talkin bout it
Just wanna be about it
So come
And love me please

There ain't
No tellin bout it
You got to be about it
Oh
You best'a believe

Pretty please
Pretty please
Baby, baby
Baby, please
Pretty please
Pretty please
