He says I always use force em as a army with bands
And he salute when I shout, he say I make him bananas
He donâ€™t like it sturdy like my mind front to back
He said he loves me when I took him on the catwalk

He wanna come to house, he wonâ€™t be comin with us
He said I know Iâ€™d turn him down, I just couldnâ€™t be

Look for a way to lay me down like heâ€™s playin guitar
