ha ha ha  
ha ha ha  
now that im finally free  
im 'bout to do it again  
i take my life with my hands  
cause im much more than a man (im a grown ass man)  
now that im finally free  
i was lost but now im found  
i was blind but now i see  
super high cant touch the ground  
life tested me, but god blessed me  
every sixteen bars is a testimony  
from a jail house, jumped in a Testarrosa  
had to find myself, then remind myself  
fucked up; im grown, i gotta blame myself  
streets taught me everything; i trained myself  
did wrong so long, didn't know nothin' else  
they wanna lock my crew up like BMF  
think every man's worth is in himself  
glad as well, but im mad as hell  
because my bestfriend probably gonna die in jail  
no lie to tell  
probably cry like hell  
like my 2yearold, cause he got eighty years  
im goin hard, you see, i might as well  
cause i got a hard head like my daddy had  
and my daddy dad  
and my great great great great grandpa had a real  
crazy swag  
so i stand today  
then get down and pray  
that the second is now and my mind is made  
i got a point to prove  
and a son to raise  
cant make the same mistakes that his daddy made  
finally free  
you'll never take me away  
took everything i had  
for me to follow again  
now that im finally free  
im about to do it again

i take my life with my hands  
cause im a grown ass man  
now that im finally free  
squash the beef, im free of that  
this crazy song, i aint feelin that

i guess they wanna see us kill each other  
when im dead, who the fuck gon' help my mother?  
i struggled and hustled too hard for this  
i had to rob, steal, kill; i aint proud of that  
smoke weed to appeal, so proud of Pat  
im show you to understand, where the cowards at?  
man my homeboy gone, where the flowers at?  
all the money in the world cant bring that back  
if i had one wish, wish my momma dear could come  
down now and see me rap  
but she see me now, and i believe in that  
off the strength of that, i aint going back  
so i put my whole family on my back  
got so much time, i cant pay that back  
i was lost but now im found  
i was blind but now i see  
super high cant touch the ground  
life tested me but God blessed me  
every sixteen bars is a testimony  
from a jail house, jumped in a Testarrosa  
had to find my self, then remind myself  
fucked up; im grown, i gotta blame myself  
(It's Gucci)  
finally free  
you'll never take me away  
took everything i had  
for me to follow again  
now that im finally free  
im about to do it again  
i take my life with my hands  
cause im a grown ass man  
now that im finally free  
i was lost but now im found  
thought that you couldnt keep me down  
single life, go round and round  
i said i straightened up my ass  
and i aint never going back  
now that im finally free (finally free)  
you'll never take me away (you'll never take me away)  
took everything i had (everything that i had)  
for me to follow again (for me to follow again)  
now that im finally free (ohhhh finally free)  
im about to do it again (do it all again)  
i take my life with my hands (i take my life with my  
hands)

cause im a grown ass man (im a grown ass man)  
now that im finally free  
im a grown ass man
