But as long as you're here
I promise my dear
That I'll be right here(x2)

And I will love you all the way till tomorrow

Love you all the way
Yeah I will love you all the way till tomorrow
Love you all the way
Yeah I will love you all the way till tomorrow
Love you all the way
Yeah I will love you all the way till tomorrow
Love you all the way

Baby I could be
The one that you need
The one you really love
It Might not be
So just say what you want
You might hurt me then leave
Say what you know
And you ain't tryin' to be G

But as long as you're here
I promise my dear
That I'll be right here
And I will love you all the way till tomorrow
Love you all the way
Yeah I will love you all the way till tomorrow
Love you all the way
Yeah I will love you all the way till tomorrow
Love you all the way
Yeah I will love you all the way till tomorrow
Love you all the way

You've been working on my heart
The silence in your eyes
Is louder than the words
It's louder than your charms
Oh see that ain't what bi want
No

For you to love then leave
Oh I'm saying what I know
And I ain't trying to be G

Oh look as long as you're here
I promise my dear
That I'll be right here
And I will love you all the way till tomorrow
Love you all the way
Yeah I will love you all the way till tomorrow
Love you all the way
Yeah I will love you all the way till tomorrow
Love you all the way
Yeah I will love you all the way till tomorrow
Love you all the way

Yeah I will love you all the way till tomorrow
Love you all the way
Yeah I will love you all the way till tomorrow
Yeah I will love you all the way till tomorrow
