baby boy, talk to me,  
tell me all your fantasies.  
'cause tonight i guarantee  
you'll fulfill 'em all here with me.  
one by one i'll check em off  
you've been so good, baby, it's paying off  
you can flip it up, spin it round  
anywhere you want it, make it count.

tonight is all your night,  
love me all if you like,  
i'm here to satisfy.  
let's make, baby, baby making love

grab my hair from the back,  
if i run, snatch it back.  
don't be afraid to lay it down,  
ain't no rules this time around.  
is up to you, what we gon' do?  
i'm your baby, let's do something new,  
do what you like, do what you please .  
come here, baby, give it to me.

tonight is all your night,  
love me all if you like,  
i'm here to satisfy.  
let's make, baby, baby making love.

go 'head and  
make me scream, make me shout  
make me love it, turn me out.(x4)

tonight is all your night,  
love me all if you like,  
i'm here to satisfy.  
let's make, baby, baby making love
