feat. Missy Elliott

[Verse 1: Ester Dean]

How you doin'? How you get it in?  
How you keep 'em comin'? Tell me how break 'em in  
What's the secret? You keep 'em disciplined  
Got them girls walkin' in the cut to get it in

[Pre-Hook: Ester Dean]

You don't want them callin' ?  
If you got what they say, I want you to show me  
Show me how you touch 'em, show me how you love  
'em  
How you love 'em, how you-how you love 'em

[Hook: Ester Dean]

How you love it, how you love it  
How you love it, how you love it, how you love it, yeah  
How you love it, how you love it  
How you love it, how you love it, how you love it, yeah  
Can you do it like this? Can you do it like that?  
If you do it like this, then I do it right back  
How you love it, how you love it  
How you love it, how you love it, how you love it, yeah

[Verse 2: Ester Dean]

How you doin'? How you get it in?  
Talkin' ain't gon' do it, I need more than gossipin'  
Got you blushin', hit that, recommend me  
A old school classic while they followin' a trend

[Pre-Hook: Ester Dean]

You don't want them callin' ?  
If you got what they say, I want you to show me  
Show me how you touch 'em, show me how you love  
'em  
How you love 'em, how you-how you love 'em

[Hook: Ester Dean]

How you love it, how you love it  
How you love it, how you love it, how you love it, yeah

How you love it, how you love it  
How you love it, how you love it, how you love it, yeah  
Can you do it like this? Can you do it like that?  
If you do it like this, then I do it right back  
How you love it, how you love it  
How you love it, how you love it, how you love it, yeah

[Verse 3: Missy Elliott]

See me ride the whip, like a 6-4  
Legs up in the air like a Lamborghini door  
When I'm done with him, I take him back like a rental  
That's the ? you could check out my credential  
?, Miss Demean, we pop them things  
Wanna know what I mean?  
That means ching-a-ling, that means green  
? up on the scene with a gangster lean and a triple  
beam  
? clean like I spring I be ?

[Hook: Ester Dean]

How you love it, how you love it  
How you love it, how you love it, how you love it, yeah  
How you love it, how you love it  
How you love it, how you love it, how you love it, yeah  
Can you do it like this? Can you do it like that?  
If you do it like this, then I do it right back  
How you love it, how you love it  
How you love it, how you love it, how you love it, yeah

[Outro: Ester Dean]

Can you do it like this? Can you do it like that?  
If you do it like this, then I do it right back  
How you love it, how you love it  
How you love it, how you love it, how you love it, yeah  
How you doin'? How you get it in?  
How you keep 'em comin'? Tell me how break 'em in
